Manuscript : Papers may be submitted in the English Language or in Bahasa Malaysia (with an English abstract). All manuscripts should be submitted in duplicate, typed on one side of good quality A4 paper, double spacing with a 2 in. left margin. Submit accepted manuscripts and the article in a diskette (3.5 in.) created on 'Microsoft Word'.

Text formatting and layout of this journal is being done on the Macintosh System 8.5 using Aldus Page Maker 6.5 program. Therefore, if your article is typed using the IBM PC or compatibles, please save your typed article on Microsoft Word for Windows: version 6.0 or earlier versions. The type or font used for the typed article sent is preferably Times or Times New Roman.

The text of the manuscript should be in the following form:

Title page : A concise but informative full title plus key words of not more than 40 characters, name(s) of author(s) and the full address where the work was carried out.

Abstract : The second page should contain an abstract of about 150-200 words. The abstract should state the purpose of the study, a brief description of the procedures employed, main findings and principal conclusions.

Text : The text should consist of an introduction, materials and methods, results, discussion, acknowledgement(s) and references.

Statistics : When statistical significance is attributed, cite the specific method of analysis and use the upper case italic P ($p < 0.05$).

Abbreviations, Nomenclature and Symbols : These generally should conform to those found in the CBE Style Manual 6th Edition, 1994, published by the Council of Biology Editors, Inc, 9650 devices must be identified by full nonproprietary name as well as brand name and the manufacture's name, city and state or country. Authors must state whether they have any personal or institutional financial interest in drugs, materials, or devices described in their submissions. The use of standard international units is encouraged.

References : Number references consecutively in the order in which they are first mentioned in the text. References in the text should be indicated by a figure within parenthesis. References cited only in tables or in legends to figures should be numbered according to a sequence established by the first identification in the text of the particular table or illustration.

Use the references adopted by the US National Library of Medicine and used in *Index Medicus*. The titles of journals should be abbreviated according to the style used by *Index Medicus*. Personal communications, unpublished data or articles published without peer review, including materials appearing in programs in programs of meeting or in organizational publications, should not be included. Authors are responsible for the accuracy of their references. Format and punctuation is shown in the following examples.

1) Journal

Names of all authors should be listed.
